Dear Parents / Carers,

School Meal Service – Temporary Reduced Provision

I am writing to notify you that Caterlink, the catering company who run our school meals service are currently only able to produce a very limited hot meal provision each day. This is due to a problem with some of the kitchen equipment, despite the work that was carried out during the summer break.

As a short term measure, Caterlink have organised for one hot meal (a meat and a vegetarian selection) to be cooked off site and then served at Ernulf Academy. The catering team have also increased the quantity of cold products to be served at break and lunch time.

We are working closely with Caterlink and Astrea Academy Trust in order to resume a normal service as quickly as possible.

I will provide another update once I have a clearer idea of how quickly the problem can be rectified.

If you have any questions please do not hesitate to contact the Academy on 01480 374748 or by email: enquiries@ernulf.cambs.sch.uk.

Kind regards

Ms Tracy Brogan
Principal
