Dear Parents/Carers

Please find attached the timetable for Year 10 internal exams. The students have already received a copy of this, but we felt it would be useful for parents to have some supporting information.

In addition to the examinations highlighted on the schedule, examinations in Technology, French Speaking and Media Studies will take place in lesson time after half term. BTEC Sport students will also have an actual GCSE online examination towards the end of this term.

Home learning examination preparation tasks will be placed on the VLE by subject staff at least two weeks prior to the examination. Please encourage your son/daughter to complete the tasks as requested so they may boost their Year 10 examination performance and lay a firm foundation for the Year 11 curriculum.

We aim to provide an examination experience as close to the eventual GCSE examinations so that students are prepared in future and will find the experience less stressful as they will know what to expect. Students with additional needs or circumstances will be accommodated according to their needs and will be told the arrangements in advance.

Students are encouraged to bring their pens, pencils, etc in a clear plastic bag or pencil case. Bottles of drinking water are permitted, but the label must be removed. Mobile phones should be switched off and left in student bags, but watches may be placed on the table in front of the students as we know some find it helpful to time their answers.

Students will go to normal lessons when they do not have a scheduled exam.

Should you have any queries or concerns, please feel free to contact me at any time on 01480223354 or by email on mcarpenter@snlp.org.uk

We wish all students and their parents a stress-free examination experience and we thank parents and carers for their support.

Yours sincerely

Mrs Margaret Carpenter

Partnership Examinations Manager
